

This morning, I want to talk to you about one of the most important subjects in the Bible and that is the Power and Presence of the Holy Spirit. On the day of Pentecost weird stuff happened. People spoke in languages they have never heard before, and non-believers thought they were completely drunk. The following are the lessons we can learn on the day of Pentecost:

**1. The Dynamic Presence of the Holy Spirit.**

The moment you got saved, the Holy Spirit came to dwell within you. If you are a Christian, He is within you at this very moment. 1 Corinthians 3:16 says, "Don't you know that you yourselves are God's temple and that God's Spirit dwells in your midst?"

**2. No Magic Formula or Methodology.**

There was no magic formula or methodology for receiving the Holy Spirit. It is just a dialogue.
