Scripture: Luke 6:39-45

**Introduction:** Christians have physical and spiritual vision. It is nice to have physical vision but what is more important for Christians is the spiritual vision so that we don't fall into a ditch of life.

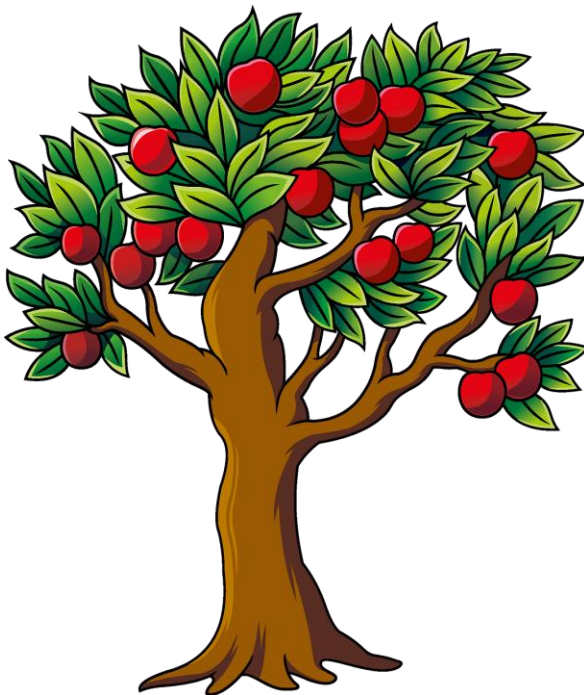

**Jesus gives us two warnings:**

- **Avoid the ditch (pit)**

**Luke 6:39** "Can a blind person guide a blind person?..."

**Luke 6:42** "...how can you take out the speck in your neighbor's eye, when yourself have a log...?"

- **every tree is known by...**

**Conclusion:** Jesus is reminding us with his word that without him you are blind and therefore you won't qualify to guide others or produce spiritual fruit.
